Family includes the student, his/her spouse and any dependent children of the student up to 18 years of age who have been authorised to enter and reside with the student at the same address in Australia.

Bupa is our preferred organisation to provide health cover to single international students.

For a quick online quote click [here](#).

Current rates of cover (as at Feb 22, 2017) are:

Rates	Single(BUPA)	Family (BUPA)
6 months	\$278	\$1457
12 months	\$556	\$2915

### 1.8. Student Accommodation (International Students Only)

If requested, WIN will provide details of a range of accommodation options in Sydney. We can also provide assistance with bookings. However, WIN is not responsible for, and makes no guarantees about accommodation services or costs.

Homestay is an excellent accommodation option, especially for students who want to live with local families who are familiar with Australian culture and values. Students have access to local knowledge and can therefore make better use of their time while studying. Host families provide an agreed number of meals a day. WIN recommends Meridian Homestay Services for Homestay accommodation. [www.mweridianhomestay.com.au](http://www.mweridianhomestay.com.au), or email [MHS@meridianhomestay.com.au](mailto:MHS@meridianhomestay.com.au) or phone +61 2 9909 2960. If you have any questions or any doubts during your stay, speak to your host family first. Do not worry about English, your host family will try to understand you and try to help you as much as they can.

Usually the telephone bill is not included in the Homestay fees. You must have permission from your home stay family when you wish to make a phone call. We recommend that you acquire a mobile handset. There are many plans and options available both pre-paid and post-paid to suit every budget and circumstance. (Tip: The cheapest unlimited pre-paid plans using the better Telstra network are probably Aldi or Boost. Also consider Lebara.)

Many students choose to stay with a family for a short period of time and then move to shared accommodation once they have settled in.

## 2.0 Student Responsibilities/Code of Behaviour

WIN students are expected to conduct themselves in a safe, healthy and courteous manner at all times while on the premises. Such behaviour is expected in terms of their attitudes and interactions with all staff, their fellow students, as well as all visitors and formal guests of WIN.

### 2.1 Code of Behaviour

Students of WIN are expected to:

- refrain from smoking anywhere on WIN's premises; there is a smoking area in the easterly rear section of the Level 2 veranda;
- refrain from drinking and/or eating in any study area including the library;
- refrain from unacceptable behaviour including the use of bad language, alcohol and drugs on campus;
- refrain from the use of devices which may disrupt classes. e.g. mobile phones, portable entertainment equipment such as iPods etc.
- identify and report any possible hazards from equipment, facilities and the environment;
- comply with and assist in WIN's emergency procedures;
- ensure that no students, staff, or visitors to WIN experience discriminatory, harassing or bullying behaviour;
- report any discriminatory behaviour, harassment or bullying to the Registrar or the Dean;
- comply with the assessment information outlined in the Student Handbook and subject outlines;
- follow WIN's policy and procedures for dealing with complaints or grievances;
- attend class regularly and punctually.

To not uphold the Code of Behaviour will result in the cancellation of your enrolment.

Erratic attendance and erratic progress will identify you as a non bona-fide student and will be grounds for the cancellation of your enrolment (Standard 13, National Code).

### 2.1 Passive Withdrawal Policy

A student who has not commenced classes in their first semester; or has taken unscheduled leave without contacting WIN; or has not completed his/her course and does not return to studies after a scheduled holiday break; or does not attend all timetabled classes for five (5) consecutive business days, has thereby passively notified WIN that he/she will not be continuing his/her studies.

WIN may notify Department of Immigration and Border Protection (DIBP) via Provider Registration and International Students Management System (PRISMS) promptly that the student has ceased studies or ceased their intention to study and for DIBP to consider cancelling the student's enrolment.

Note: WIN may neither notify the student of its intent to cancel the student's enrolment nor wait the outcome of an appeal if the student passively withdraws.

## 3.0 Student Complaints and Appeals

### 3.1 What do words in this policy mean?

In this policy:

- the words “we”, “us” and “our” refer to Wentworth Institute and any of the other people or organisations through whom we provide services to you; and
- the words “you” and “your” are capable of referring to any of our past and present students.

### 3.2 What is the purpose of this policy?

We are committed to providing you with a positive learning environment.

This policy seeks to achieve that goal by putting in place a process through which you can make complaints about any aspect of your experience while you are studying with us.

It aims to ensure that all complaints are dealt with consistently and fairly, and that you will not experience any adverse consequences as a result of making a complaint.

#### **What is a grievance or a complaint?**

You may have a grievance or complaint if you are not happy with your experience while studying with us, or with any of the decisions that we make while you are studying with us.

You may have a grievance or complaint about an administrative decision that we have made. For example, you may be unhappy with the way in which we:

- conducted your enrolment, induction or orientation;
- handled your personal information; and
- handled financial matters, including billing and refunds.

You may also have a grievance or complaint about an academic decision that we have made. For example, you may be unhappy with:

- the assessments that you are required to complete;
- the way in which a tutor taught a particular course;
- the curriculum for a particular course; or
- the award or grade that you get at the end of a course.

### 3.3 How can I make a complaint or resolve a grievance?

You can make a complaint or resolve a grievance by following each of the steps in the procedure outlined below:

#### **1. Lodging a formal complaint or grievance**

First, you should write a letter or send an email to us. That email or letter should be addressed to the Dean, and should outline the substance of your complaint or grievance. It should:

- identify what it is that you are unhappy with;
- explain why it is that you are unhappy with it;
- identify the outcome that you hope to achieve; and

- attach any relevant documents.

The Dean or a staff member chosen by the Dean will contact you within ten business days of the date on which we received your letter or email. That person will confirm that we have received your letter. That person may ask you questions to clarify any of the details associated with your complaint or grievance. That person may also request that you attend a meeting at a time that is convenient to you. If that person requests you to attend a meeting, you will be entitled to bring a support person to the meeting to help you.

Once he or she has clarified the details associated with your complaint or grievance, that person will write a letter or email to you informing you as to the outcome of your grievance or complaint. This letter or email will be sent within twenty business days of the date on which we received your letter or email.

## **2. *Internal review***

Secondly, if you are not happy with the outcome of the formal complaint or grievance, you should write a letter or send an email to us. That email or letter should be addressed to the Managing Director. It should:

- state that you are unhappy with the outcome of a formal complaint;
- explain why it is that you are unhappy with it;
- identify the outcome that you hope to achieve; and
- attach the letter or email that you had sent to the Dean and the letter or email that the Dean or a staff member chosen by the Dean sent to you.

The Managing Director or a person chosen by the Managing Director will contact you within ten business days of the date on which we received your letter or email. That person will confirm that we have received your letter. That person may ask you questions to clarify any of the details associated with your complaint or grievance. That person may also request that you attend a meeting at a time that is convenient to you. If that person requests you to attend a meeting, you will be entitled to bring a support person to the meeting to help you.

Once he or she has clarified the details associated with your application for an internal review, the person will make a fresh decision based on the merits of your initial complaint or grievance. That person will then write a letter or email to you informing you as to the outcome of your internal review and explaining the reasons for his or her decision. This letter or email will be sent within twenty business days of the date on which we received the letter or email in which you ask for internal review.

## **3. *External review***

Thirdly, if you are not happy with the outcome of your application for internal review, you should write a letter or send an email to us. That email or letter should be addressed to the Chairperson. It should:

- state that you are unhappy with the outcome of an internal review;
- explain why it is that you are unhappy with it;
- identify the outcome that you hope to achieve; and
- attach the letter or email that you had sent to the Managing Director, the letter or email that the Managing Director or a staff member chosen by the Managing Director sent to you.

The Chairperson will then appoint an independent third party to review the decision made by the Managing Director or the staff member chosen by the Managing Director. That independent third party will be a solicitor who works for John F Morrissey & Co Lawyers of Level 1, 40 Macleay Street Potts Point NSW 2011.

The solicitor will contact you within ten business days of the date on which we received your letter or email. That solicitor will confirm that he or she has received your letter. That solicitor may ask you questions to clarify any of the details associated with your complaint or grievance. That person may also request that you attend a meeting at a time that is convenient to you. If that person requests you to attend a meeting, you will be entitled to bring a support person to the meeting to help you.

Once he or she has clarified the details associated with your application for an internal review, the solicitor will make a fresh decision based on the merits of your initial complaint or grievance. That person will then write a letter or email to the Chairperson informing us as to the outcome of your external review and explaining the reasons for his or her decision. The Chairperson will send that letter to you within twenty business days of the date on which we received the letter or email in which you asked for external review.

#### **4. Other steps**

If you are unhappy with the outcome of your application for external review, you may be able to make an application to an external body such as a court, tribunal or public authority. These agencies include:

- the New South Wales Civil and Administrative Tribunal, which can hear claims concerning the *Australian Consumer Law*;
- the New South Wales Anti-Discrimination Board, which can deal with claims concerning the *Anti-Discrimination Act 1977 (NSW)*;
- The Office of Fair Trading <http://www.fairtrading.nsw.gov.au>
- the Australian Human Rights Commission, which can deal with claims made under a variety of human rights and anti-discrimination laws; and
- the Overseas Student Ombudsman, which can deal with complaints made by international students about education providers.

#### **Where should I send a letter or email to?**

- the Dean or Managing Director will not choose a staff member who was involved in the circumstances which led to the complaint or grievance being made; and
- you will not be subject to any adverse repercussions or reprisals as a result of your decision to lodge a formal complaint or grievance, or apply for internal or external review.

### **3.5 Is there anyone to help me through the process?**

For the purposes of communicating to and training staff, reference to this Policy and Procedure will be included in the Staff Handbook and form part of the staff induction process (which will be facilitated by the Dean).

## **4.0 Student Support Services**

WIN offers a variety of services for students and has a Dean, Registrar and a professional Counsellor to deal with academic matters as well as personal issues. All matters are dealt with discretely and in confidence and we encourage students to avail themselves of these services. There are no additional costs to the student and sometimes simply talking through a problem can assist with finding a solution.

The library offers a variety of support programs for students who want assistance with essay writing, English expression, study skills, research skills referencing etc.

Please note that textbooks will be issued to students through the Library. Text books must be returned to WIN no later than one week after the final class or formal exam for the subject.

Fees for the late return or non-return of textbooks or borrowed items are identical.

Overdue library items will be charged at \$2 a day, after the one week borrowing period. Overdue notices will be sent to your email address. If the fine is not paid, your card will be blocked and you will not be able to borrow items. The fine will continue to increase until you return the book. Once the fine has been paid your borrowing rights will resume.

An item returned later than 1 month after the borrowing date will be classed as lost. This means that you will pay the full replacement cost of \$200.00. A flat fee of \$200.00 will be charged for lost or damaged items, this includes the processing fee incurred by the library.

Any student who fails to return any book to the library be charged \$50 or the replacement value of the book, whichever is the lesser, and that their results may be withheld until such fee is paid.

#### 4.1 Welfare Procedure

If you are not happy with any aspect of your time at WIN, tell someone. If there is a problem with your course, staff will value your feedback. However, if you do not want to discuss this matter with your tutor/lecturer you can see our team members as shown in the table below.

#### Key Contacts

**Dean** The Dean is responsible for the standard of training, assessment and safety at WIN, in accordance with the relevant government legislation. If you have a problem or complaint that your tutor/lecturer or Course Coordinator cannot satisfactorily resolve, you should address your complaint to the Dean in writing. The Dean will respond to your complaint within 10 working days.

**Registrar** The Registrar is responsible for ensuring that all of Win's administrative processes, policies and procedures are fully compliant with the ESOS Framework, the National Code and the Higher Education Standards Framework.

**Assistant Registrar** The Assistant Registrar receives all payments from you.

#### Course Coordinator

The Course Coordinator is responsible for:

- maintaining the quality of the courses in the respective subject areas;
- helping students with their study and organising an intervention strategy;
- day to day problems related to the courses;
- general student support services;

If you experience any academic problems or need support you should arrange an interview with the Course Coordinator.

#### Student Counsellor

The Student Counsellor helps you with any personal/welfare problems. The Counsellor is a qualified and experienced professional who treats all cases in confidence. Should you need to see our Counsellor on personal matters such as relationships, health or resettlement, ask Reception to make an appointment for you.

#### Reception

Reception can help you with any inquiries or problems during your time in Australia. They are available to help you make the most of your studies here.

#### 4.2 Student Consultation

WIN is mindful of the need for students to consult with their instructors and ensure that all students have access to appropriate student consultation services, outside of the lecture/tutorial time, with academic staff as and when required. This applies to full-time, part-time and sessional staff.

Consultation means a time for students to seek face-to-face contact with academic staff in order to raise any issues that they may have in the subject they are studying. This time is to be used to consult on issues related specifically to the subject the lecturer/tutor is teaching. Any student who seeks academic skills support and/or language support should do so through services provided through the Library.

Please discuss an appointment time with your tutor/lecturer directly or see Reception to arrange for an appointment.

### **4.3 Other Policy and Procedures that Apply to Students**

WIN has a number of policies that apply specifically to student behaviour and performance. The following policies and procedures are all available on the WIN web site.

- Student Selection and Admissions
- Advanced Standing and Credit Transfer
- Student Assessment
- Student Progression, Exclusion and Graduation
- Academic and Non-academic Grievance Handling
- Student Conduct
- Academic Integrity and Honesty

### **4.4 Critical Incident Policy**

WIN recognises that it has a duty of care to its students and that planning for the management of a critical incident is essential.

A critical incident is defined by the National Code 2007 as 'a traumatic event, or the threat of such (within or outside Australia), which causes extreme stress, fear or injury'.

A Critical incident is not limited, but could include:

- Missing students
- Severe verbal or psychological aggression
- Death, serious injury or any threat of these
- Natural disaster; and
- Issues such as domestic violence, sexual assault, drug or alcohol abuse
  - Non-life threatening events could still qualify as critical incidents

Please follow instructions from your tutor/lecturers should there be such an incident occurring during normal delivery of classes.

All students are also encouraged to familiarise themselves with the emergency escape diagram in each classroom, all emergency exit points and to understand proper fire drill procedures. Information on evacuation procedures are posted near the elevators on each floor. Please follow the instructions as posted for evacuation and assembly once outside the building.

## **5.0 Advanced Standing**

If you consider that you have already acquired the learning outcomes of a course that is offered by the WIN, you may formally apply to have this knowledge recognised and in some cases gain entry through advanced standing, i.e., you may complete the course in less time because you

have already learned the material in some units and you do not have to complete them again. This knowledge may result from uncompleted previous studies, through short courses undertaken, professional development opportunities provided by your place of employment or simply learning things on job that directly transfer to the content of the course for which you have applied. You can therefore be credited for formal studies or for your learning through your work experience.

Recognition of prior formal studies may allow you to use previous units of study to replace units in the course which have the same content. Similarly, experience on the job may allow you to claim prior knowledge and competency in one or more units of study. Please refer to WIN's policy on 'Advanced Standing and Credit Transfer' for detailed information.

You must provide evidence of prior studies or experience that you believe may be eligible for recognition of prior learning. Complete the 'Recognition of Prior Learning' application available from the 'Reception Desk' or as a download from the WIN web site and submit your application.

### **International Students Only**

Where recognition of prior learning (RPL) is granted before the issue of a student visa via WIN, the net course duration (as reduced by RPL) will be indicated on the eCoE issued.

Where RPL is granted by WIN after a student visa is granted, the resulting change of course duration will be notified to DIBP.

Where RPL is granted, the total course fee will be calculated based on the study period remaining.

## **6.0 Student Assessment**

All student assessment tasks are appropriately designed to determine the extent to which students have met the learning and skills outcome requirements within a subject and to assist teaching staff to make decisions about the performance of individual students within a subject.

### **6.1 Forms of Assessment**

The forms of assessment for each subject will be clearly set out in the documentation given to students at the commencement of each subject. Some assessments will be formative and specifically intended to assist students to identify weaknesses in their understanding, so that they may improve their understanding and enhance their learning. Other assessments will be summative and are primarily designed to pass judgment on the quality of a student's learning, generally in terms of assigned marks and grades.

Forms of assessment will include:

- **Written Exams** - may take the form of short answer questions, multiple-choice questions and essays, where appropriate.
- **Written Assignments** - may take the form of essays, literature reviews, reports, work logs, portfolios, etc.
- **Seminars/presentations**- normally based around formal discussion groups where students will be delegated particular topics for research and will be required to present their findings at subsequent seminars. Marks are allocated according to the standard of these presentations.

- **Practical Assignments** - students may be required to complete a series of practical assignments designed to test students' abilities under 'real world' conditions.
- **Participation** - students will be judged on their level of input in class seminars and tutorials.

## 6.2 Timing and Weight of Assessments

Subject Outlines will advise students at the beginning of a subject how all assessment results are to be combined to produce an overall mark for the subject.

## 6.3 Grades

During each subject, students will be provided with an evaluation of their individual performance with reference to the criteria for each assessment task. Student performance in individual subjects of study shall be graded in accordance with the following guidelines:

Students should refer to the 'Student Assessment Policy and Procedure' for detailed information on assessment processes.

<b>Grade</b>	<b>Definition</b>

**Advanced Standing      Code: AS**

## **7.0      Monitoring Course Progress**

WIN requires that the academic progress of each student is monitored so that students who are determined to be 'at risk' can be provided with advice and support to ensure successful course completion whenever possible.

Students must meet the requirements of a course within a prescribed number of years from the date of first enrolment. In the case of the Bachelor of Interactive Media, the course may be completed in no less than three years full time and up to a maximum of eight years.

Students are required to attain the following minimum academic standards in order to be deemed to be maintaining satisfactory academic progress in a course:

- No more than one failure in a particular subject of study; and
- Not fail more than 50% of the subjects attempted in a semester.

The Course Coordinator will contact each student who is deemed to be 'at risk' and arrange an appointment for an academic counselling session. The student will also be advised of the possibility that conditions may be placed on their enrolment.

If a student continues to fail to meet minimum academic standards after an intervention strategy has been put in place, the Course Coordinator will request that the student provide a written statement within twenty working days outlining reasons why they should be permitted to continue their enrolment in the course.

A student who does not submit a written statement by the due date shall have their enrolment terminated.

The Course Coordinator shall consider the written statement and may:

- terminate the student's enrolment; or
- permit the student to continue with or without specific conditions.

The Course Coordinator will provide a written statement to the student within twenty working days outlining their decision and informing the student of their right to appeal the decision.

A student who is permitted to continue their enrolment in the course, but with conditions imposed, who again fails to attain the minimum academic standards or breaches the conditions imposed, will have their enrolment terminated due to unsatisfactory academic progress.

Full details are available on WIN web site under Policy and Procedures for 'Student Progression, Exclusion and Graduation'.

Students whose enrolment is terminated due to unsatisfactory academic progress or exceeding the maximum period of candidature and who wish to undertake further study will need to apply to WIN for re-admission in line with the 'Student Selection and Admissions Policy and Procedure' which is available for viewing on WIN's web site.

### **7.1 International Students Only**

As part of their visa conditions international students are required to maintain a full-time study load at all times during their course. The one exception to this requirement is when an international student has less than a full-time load in their final semester of study (usually due to failure in more or more subjects during the course). International students are expected to complete their course in the standard number of years for a student undertaking a full-time load (the registered course duration). This time period is noted on the student's eCoE and study visa.

The Head Lecturers will monitor international students' academic progress at the end of each semester to determine if the student has met the minimum academic standards and will be able to complete their studies within the registered course duration. Where necessary an intervention strategy will be put in place (as described above). The course duration may be extended where an intervention strategy has been implemented.

If after an intervention strategy has been put in place, an international student fails to meet the minimum academic standards in a second consecutive semester, the Course Coordinator, on advice from the Head Lecturer, will inform the student in writing of the intention to report the student for not achieving satisfactory academic progress. The student will also be advised that they have a right to appeal the decision within twenty working days. During the period for lodging an appeal and, if the student lodges an appeal,

during the period the appeal is being considered, the student has a right to continue their studies in the course.

After all grievance and appeals processes are finalised, or if the student has chosen not to access the appeals process within twenty working days, the student's enrolment will be formally terminated and WIN will report the student to DIBP via PRISMS. The student will be provided with a copy of the Section 20 notice generated by PRISMS. The student will then receive a Notice of Intention to Consider Cancellation of his student visa from the Department of Immigration and Border Protection.

Where students have elected to complete 3 subjects in a semester, they will be expected to attend a summer semester so that they may continue to complete the course in the time described on their student CoE.

## **7.2 Appeals**

A student may appeal against a decision made under this policy. The grounds for appeal are that the decision is inconsistent with this policy. Appeals must be made in writing and lodged with the Executive Dean within twenty working days of the student receiving written notification of the decision.

If a student remains dissatisfied with the outcome of their appeal they may utilise WIN's grievance handling procedures.

## **8.0 Evaluation**

As part of our continuous improvement procedures you will be asked to complete a course evaluation survey. This is your opportunity to provide us with feedback on the course, the Tutor/Lecturers, the course administration, the training facilities, the training activities, resources and materials and the assessment procedures. Your comments enable us to make sure that your expectations are being met and to improve our services.

## **9.0 Deferral, Cancellation and Exclusion**

Students are able to defer or temporarily suspend their studies only, on the grounds of compassionate or compelling circumstances.

Students may also have their enrolment deferred or suspended on the grounds of misbehaviour which may lead to expulsion from WIN.

Students have the right to appeal a decision by WIN to defer, suspend or cancel their studies. A student has seven working days to access the internal complaints and appeals process.

Students who would like to defer their studies must first speak to Reception. A deferral form must be completed which will need to be approved by the Registrar. Prior to applying to defer their program students must ensure that they have paid all the fees required and have no outstanding balance. Deferral fees apply.

### **International Students Only**

Deferral of studies by international students is permitted only in compassionate or compelling circumstances such as serious illness, death in the family, natural disaster in student's home country or for some other reason. Students will be required to provide documented evidence of the compassionate or compelling circumstances.

**Deferral fees:**

- If the deferral request is received before the start of the course, student must pay a \$200 deferral fee.
- If the deferral request is received during the first semester, but before the start of the second semester, the student must pay \$600.
- If the deferral request is received after the second semester, the tuition fee for one semester will be charged as the deferral fee.

Students who have not yet commenced their studies will also need to contact DIBP in case there is any effect on their student visa as a result of changes to enrolment or CoE status.

## APPLICATION FOR DEFERRAL OF STUDY

**Please be advised that this action may affect your student visa**

- WIN will not notify DIBP of a change to the enrolment status until the internal complaints and appeals process is completed. If the deferral/suspension period is more than 28 days, the student must leave Australia unless there are compassionate and compelling circumstances that require the student to remain onshore.
- If deferral/suspension is more than 6 months, the student visa will be subject to cancellation.

Please note: An approval for a deferment does not change the schedule of any payment. The student must make a payment according to the payment plan indicated on the offer letter. Otherwise, the late payment fee applies.

### The Following Sections Only Apply to International Students

### 3.0 Overdue Fees (International Students Only)

WIN reserves the right to take any or all of the following actions if a student have not paid his/her fees.

- Suspend the student from his/her classes
- Withhold transcripts, certificates and other documents and services
- Collect a finance charge on the amount outstanding
- Pursue legal action to recover the debt

Please note that if students are suspended for non-payment of fees, they are not permitted to continue attending their classes. They may not complete or hand in assessments during the period of suspension and they may be in jeopardy of accruing additional costs.

**Finance Charge** - Late payment of fees for more than 14 days will incur an administrative fee calculated on a 5% monthly basis (30 days term) of your overdue balance.

Should the overdue balance be more than \$500 and remain overdue for more than 28 days, WIN reserves the right to cancel the student's enrolment and notify DIBP.

A Final notice will be issued after 28 days from the overdue date.

**Being reported to the Secretary of the Department of Education and Training for cancellation of enrolment automatically alerts Department of Immigration and Border Protection (DIBP), and could result in the cancellation of your student visa.**

If you feel there are reasons as to why you should not be reported, you may make an appeal against this decision. You have 20 working days in which to lodge your appeal in writing to the Registrar.

#### **4.0 Completion Within the Expected Duration of Study (International Students Only)**

WIN monitors the progress of each student to ensure that at all times the student is in a position to complete the course within the specified period on the student's CoE. An extension of the expected duration of study is only allowed in limited circumstances.

The study period may be extended only where it is clear that the student will not complete the course within the expected duration as the result of:

- Compassionate or compelling circumstances (e.g., illness where a medical certificate states that the student was unable to attend classes).
- WIN Leave Request ([International Students Only](#))

WIN will only approve leave to students on the grounds of compassionate or compelling circumstances and the length of approved leave is to be strictly controlled in keeping with the reason for leave.

Examples of circumstances where leave may be approved include:

- Hospitalisation for an urgent operation, accident or giving birth.
- The passing away of a close relative.
- A natural disaster in your home country.

Students must apply for approved leave in writing and submit supporting documentation i.e. medical certificate from a registered medical practitioner, death certificate, and return air tickets. If leave is requested for over 2 weeks, students will be required to defer their studies for the duration of the leave and reapply for their visa once the leave is over. WIN will notify DIBP via PRISMS.

Please be advised that this action may affect your student visa.

## 5.0 Record Maintenance (International Students Only)

It is an Australian Government requirement that we keep records of each student's current residential address (as supplied by the student), the student's full name, date of birth, nationality, the start and completion day of the student's course, attendance and academic performance, details of payments received, information on international student health cover, level of English language proficiency and the student's passport and visa numbers. We must also keep a record of the reason for a student's termination of studies if this situation occurs.

**Note:** Students are required to provide residential addresses and contact details to the educational provider. Failure to do so may result in a cancellation of your student visa by DIBP.

A Change of Address Form is available from Reception. It is important to notify the Institute at Reception in person within 7 days if you have a change of address and contact details.

Your records are confidential and available to you upon request. Records of attendance, assessment outcomes and qualifications issued are kept accurate, up-to-date and secure.

Information provided by the students to WIN may be made available to the Commonwealth and State Agencies and the Fund Manager of the ESOS Assurance Fund.

WIN is required under [Division 1 section 19 of the ESOS Act](#) to inform DIBP about certain changes to a student's enrolment and any breach of a student's visa condition relating to attendance and academic performance.

We keep copies of your results for a period of 30 years. You must bear the cost for re-issue of records and awards.

## 6.0 Withdrawal from Commenced Courses (International Students Only)

In the event that a student intends to transfer to another provider or terminate their study;

One month's notice in writing is required before the commencement date of the next term. If less than one month's notice is given, the student is obliged to pay the following term's fees as indicated on the offer letter.

The student will need to complete the "Course Withdrawal Form" and notify WIN of the intention to terminate their enrolment. The form is available from Reception.

- International students are required to have completed six months of their principal course prior to transferring to other institutes.
- If a student abandons the course, all fees due are payable to WIN as required.
- A student who ceases attending a course or does not return from leave, and is not contactable by WIN, has "inactively" advised us of his/her failure to continue studying.

Under Section 19(1) of the ESOS Act, we must notify DIBP of termination of an accepted student's studies within 14 days of the event occurring. Therefore if a student is absent for 2 weeks consecutively, the student's enrolment may be cancelled.

## **7.0 Transfer Between Providers (International Students Only)**

### **15.1 Student Transfer Request Assessment Policy**

The purpose of this procedure is to address the requirements of Standard 7 of the National Code 2007, "[Transfer Between Registered Providers](#)".

The Dean is responsible for the implementation of this policy and for ensuring that staff and students are aware of it.

WIN will not charge any fees to the student for issuing a letter of release, if granted, and will advise via the letter of release, that the student will need to [contact DIBP](#) and seek advice on whether a new student visa is required.

WIN cannot enrol transferring students in the first six months of their principal course of study except in accordance with the requirements outlined in Standard 7 of the National Code 2007.

If WIN refuses to issue a letter of release, a student may appeal against WIN's decision using WIN's Complaints and Appeals Process.

### **15.2 Letter of Release**

Students who wish to transfer prior to completing 6 months of the principal course must apply for a letter of release using the "Course Withdrawal Form". The reasons stated in the student's application must comply with WIN's "Transfer Request Assessment" requirements. A valid letter of offer from another provider must also be provided. The Executive will consider and respond to applications for a letter of release within 7 days of its lodgement.

#### **A letter of release will normally be granted in the following situations:**

- a. WIN is unable to continue to provide the course; or
- b. the student wishes to change course in order to gain access to special services or pathways that can be confirmed as being offered by another registered provider, which WIN is not able to provide;
- c. the student has undertaken an individually tailored intervention strategy, but is still not coping with the study requirements and wishes to transfer to an alternative course that is not offered by the institute;
- d. The student can provide genuine evidence supporting compassionate and compelling circumstances which necessitate transfer to another provider; and/or
- e. an appeal (internal or external), on a matter.

#### **A letter of release will normally not be granted in the following situations:**

- a. The transfer may jeopardise the student's progression through a package of courses;
- b. The student is able to apply for transfer to other courses within WIN but will not be granted a release on the basis of a change of mind;

- c. The student has 25% or less of the course to complete;
- d. The student fees are in arrears;
- e. Claims of financial hardship;
- f. Claims of migration or representative agent error;
- g. WIN is concerned that the student's application to transfer is a consequence of the adverse influence of another party or if WIN considers the request for a transfer to be the result of student poaching;
- h. The student was given adequate information at the time of enrolment to enable the student to make an informed decision to undertake the course;
- i. The student claims difficulty with course but the full range of support services have not been accessed by the student (the student will be advised that WIN will revisit the issue within a timeframe negotiated with the student);
- j. WIN forms the view that the student is trying to avoid being reported to DIBP for failure to make satisfactory academic progress or to meet attendance requirements; or
- k. Where a student wants to transfer to a course that does not adequately meet their long term goals.

If a letter of release is refused, reasons for the refusal will be provided in writing and the student will be informed of their rights of appeal using WIN Complaints and Appeals Procedure as outlined below.

**Step 1:** If you choose to appeal, you must continue to maintain your enrolment and attendance at all classes as normal until the process is complete. If you choose not to attend classes during this period you are required to re-enrol with WIN if the appeal is unsuccessful.

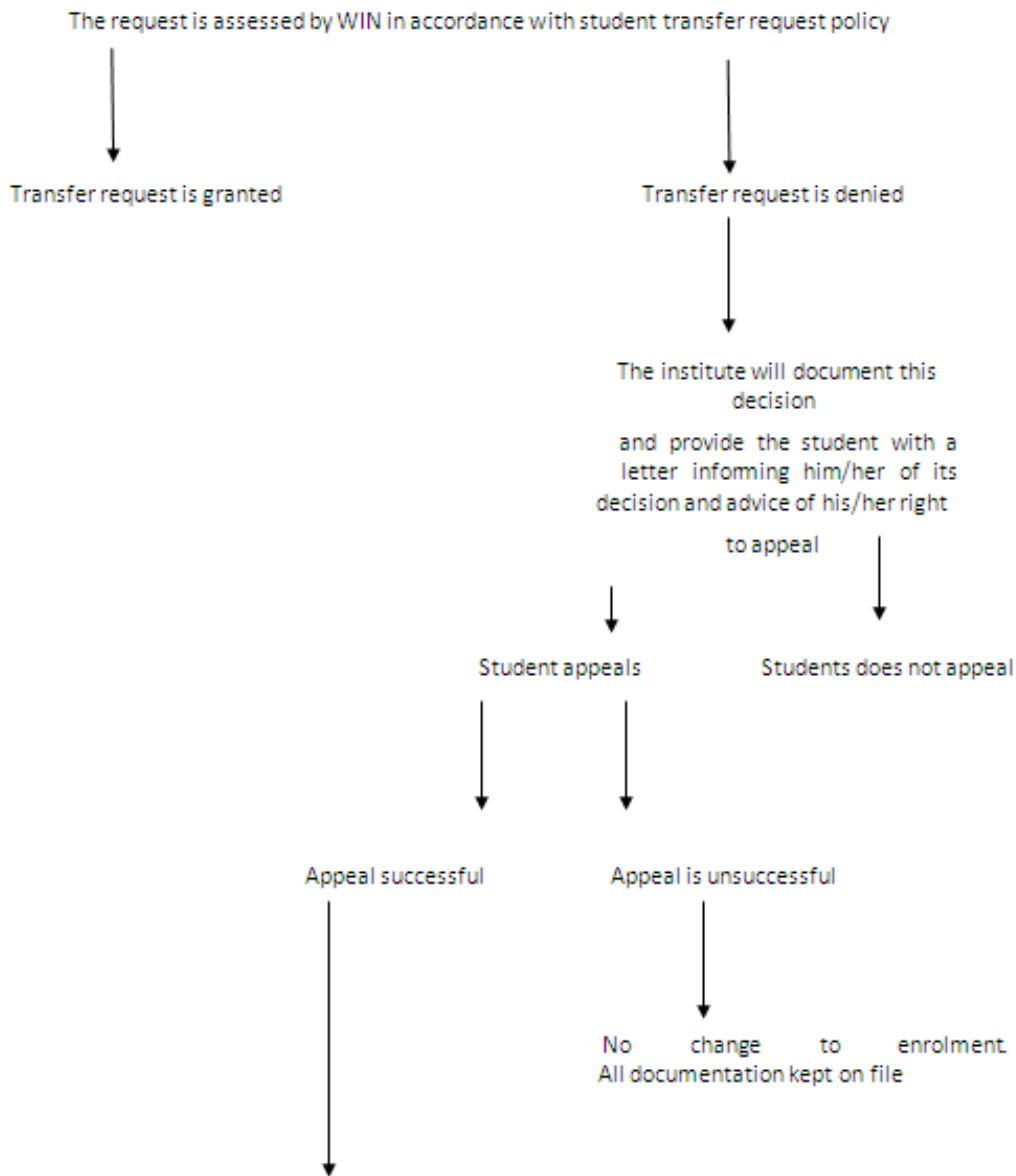

**Step 2:** On appeal you will have to complete a Formal Complaints Form and you must attend a meeting with the Registrar in order to resolve the complaints raised. The resolution phase must commence within 5 working days of your complaint being lodged. A final decision will be made within 7 working days.

**Step 3:** If you are still dissatisfied with the decision of WIN, you may access our internal appeals process by completing the Non-Academic Appeals Form. The appeals process will begin within 10 working days of a lodgement and will be finalised within 10 working days.

**Step 4:** If you are dissatisfied with WIN's appeal process, you may raise a complaint with the [Overseas Student Ombudsman](#). Please refer to WIN's 'Academic and Non-academic Grievance Handling Policy & Procedure' on WIN web site for contact details and processes.

A copy of the student's letter of release application; notes recording the assessment of the application and a copy of the response letter outlining the decision made in relation to the request for release that was sent to the student by WIN is placed into the student's file.
