Wentworth Institute

The Wentworth Institute provides quality, affordable education so that you can gain the knowledge and skills to succeed, whether it be in the creative industries, managerial occupations, English teaching professions, accounting vocations or to learn English, either for communication or for further study.

Through the provision of industry relevant, innovative, quality education courses, the Wentworth Institute aims to address the learning needs of domestic and international students and, in turn, the future needs of the industries in which they will be employed.

Our higher education degrees are accredited through the Tertiary Education Quality and Standards Agency (TEQSA), all of our vocational and English courses are accredited through the Australian Skills Quality Authority (ASQA) and our English courses are also quality endorsed by the National ELT Accreditation Scheme (NEAS). All courses are registered with the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).

All of our courses were developed with close links to industry so that you can gain relevant and sought after skills. Our courses are designed to lead to successful and fulfilling careers in various fields, both in Australia and in the global market place. To satisfy the requirements under the Australian Quality Framework AQF.

We offer Recognition of Prior Learning (RPL) in all of our higher education courses. RPL is the assessment process for recognising competencies gained through previous learning, work and life experiences. You can apply for RPL before your enrolment if you believe you have already studied a subject or can show that you already know the subject matter. In order to be granted RPL, you will need to provide evidence that you are already competent in this/ these subjects and this evidence must be valid, authentic, current and sufficient. Application forms for RPL are available from Reception on level 1.

Our English language courses are conducted by highly qualified and experienced professionals who want you to achieve your goals. Lessons will be interesting and will encourage you in your English studies.

We are committed to providing you with a valuable educational experience together with unique support services to ensure you adjust to life in Australia. Our Institute has a friendly atmosphere in which we offer every opportunity for you to reach your potential. Most of our staff have worked overseas and understand the delights and challenges of living in a new culture.

Our counsellor has many years of professional education and experience as a practising psychiatrist. Our staff are constantly upskilling in their professional development. Some staff, for example, are accredited human resource specialists, practising accountants, registered financial advisers, business owners in diverse fields, film producers and directors.

Our modern teaching facilities are conveniently located close to public transport and to Central Railway Station, ensuring you are easily able to attend our Institute.

We would welcome you to our community!

Welcome to Wentworth Institute

I would like to extend a personal welcome to you to enrol in the Wentworth Institute of Higher Education, Sydney.

WIN Education is a growing innovative academic institution located in the heart of Australia's vibrant harbour city, Sydney. WIN was established to deliver high-quality degree programs for students like you, entrepreneurial local and international students who want to succeed in the high growth industries of the future or in their own start-up business. WIN will give you the foundation skills to do so.

WIN currently provides exciting core and elective interdisciplinary courses in interactive media, business and professional accounting. You will get the latest training delivered in well-equipped lecture and studio settings. The course programmes encourage collaborative learning and simulate business case studies and real industry projects.

Industry-experienced faculty lecturers have been drawn from surrounding universities to join WIN. They are attracted to WIN because it is innovating and developing a reputation for strong links to new businesses and growth industries in Australia and globally.

WIN puts its students first!

We are all committed to establishing a welcoming and caring knowledge community which you can join and where you will prosper.

As the Chair of the Academic Board I am delighted to welcome you into our accredited program, the Bachelor of Interactive Media (BIM). This program has been specifically tailored for students who are interested in an industry focused program.

Through a unique Studio program, our BIM offers an intensive focus on the technical skills that underpin professional competence in animation & illustration, film-making, and graphic design, as well as developing a critical understanding of what represents excellence in these fields. This program has been designed to integrate study with professional output through a partnership with industry. Your assignments will be directly related to industry requirements ensuring that your work is both relevant and at the cutting edge of current developments in new media and design industries.

Our staff are passionate about what they teach and are committed to developing articulate and uniquely creative graduates. At the core of our interdisciplinary educational process is individualised attention from our faculty, along with access to a full range of up to date studio facilities.

We invite you to discover the full range of opportunities offered by WIN, and hope you will then take the next step to contact us, or visit our website to glimpse student life at Wentworth Institute.

CHAIRMAN
Board of Directors
The Hon John Hannaford

CHAIRMAN
Academic Board
Professor Paul Cleveland

As Dean of Higher Education at the Wentworth Institute (WIN) and with many years experience in the delivery of undergraduate and postgraduate degree programs in Australia and abroad, I am committed to ensuring that all our students receive a quality education in a safe and friendly environment. Our lecturers are not only academically well qualified but also demonstrate relevant industry experience and are therefore able to produce graduates who are well prepared to enter their chosen careers.

We offer three main undergraduate degree programs. Our Bachelor of Interactive Media, fondly known as the BIM, provides the foundation for not only a successful career within the creative industries but most importantly establishes a foundation of learning upon which graduates will be facilitated to grow and develop throughout their professional lives. Our Bachelor of Business, with its industry relevant broad suite of subject offerings, provides the ideal basis for a career in management and all types of business. For those seeking a professional qualification in accounting, our Bachelor of Business (Professional Accounting) has been accredited by the relevant industry professional bodies, CPA Australia and the Chartered Accountants Australia and New Zealand.

A distinguishing feature of the courses offered at the Wentworth Institute (WIN) is the possibility for accounting and business students to acquire valuable knowledge in the fast growing and job rich creative industries through their choices of electives. Students in the Bachelor of Interactive Media are likewise able to acquire much needed business skills. This rich learning combination, very relevant to the contemporary job market, is offered to students at the WIN premises ideally located at Central Station in beautiful Sydney within the creative hub of Surry Hills.

We also offer Master of Business and Master of Professional Accounting degree programs with nested postgraduate Diplomas and Certificates. Our Masters Degrees consist of sixteen subjects and would normally be undertaken over four semesters of full-time study. The nested Graduate Diplomas consist of the first eight subjects within the Masters, while the Graduate Certificates consist of the first four subjects within the Graduate Diplomas. These postgraduate courses are approved by TEQSA and our Master of Professional Accounting has been accredited by the professional accounting bodies in Australia.

Our undergraduate and postgraduate courses are theoretically sound and industry relevant with an emphasis on ensuring graduates demonstrate the learning outcomes needed to pursue successful careers. A distinguishing feature of our business courses is their creative edge with case studies, applications and elective subjects drawn from the vibrant and growing fields of multimedia and creative industries.

Welcome to Wentworth Institute!

Since my appointment to the Institute in 2006, I have had the privilege of meeting thousands of students from diverse countries, overseeing the Institute's growth and working on the development of new programs.

The Institute has grown enormously in student numbers, staff, facilities, building size, space, programs, resources, equipment and recognition internationally as a quality provider of education.

Our staff have a commitment to support and care for you in a positive environment. Most of our staff have worked overseas and can speak another language. We have especially chosen staff who understand the difficulties you would face being new to a foreign country and who would be caring to you throughout the process of learning in a second language.

Our students have created a culture of community so that friendships made whilst studying have endured long after they have left us. We enjoy hearing about their adventures and successes.

The management and staff of Wentworth Institute warmly welcome you and hope that you enjoy your time in our community.

DEAN
Higher Education
Dr. Keri Spooner

Head of Operations
Kristina Shead

Master of Professional Accounting

CRICOS Course Code: 093866B

COURSE DESCRIPTION

The Master of Professional Accounting offered at the Wentworth Institute will provide students with the advanced knowledge and skills necessary to perform effectively at a leadership level in the field of professional accounting. We have sought approval of this course from the professional accrediting bodies. A full-time Master of Professional Accounting degree program includes four semesters of study with nested programs at Graduate Certificate (one semester full time) and Graduate Diploma (two semesters full time) levels.

A feature of these programs is the inclusion of a core Business Communication subject. This subject will not only help to ensure students' success throughout the course by developing needed written and oral communication skills but will also enhance graduate employability.

The inclusion of a core Business Ethics subject will not only ensure students' appreciation of the importance of ethical decision-making in business but will also establish a guiding principal to be reinforced and applied in both subsequent studies as well as professional activities.

Another important feature of the Master of Professional Accounting degree program is the requirement to undertake a Business Project subject focussed on developing students' needed research skills which will be demonstrated by the execution of a substantial piece of research in the form of a project.

ENTRY REQUIREMENT

Generally an undergraduate degree although alternative pathways may be available. Additional entry requirements for international students is an IELTS (or equivalent) overall band score of 6.5.

COURSE STRUCTURE

The Graduate Certificate in Professional Accounting provides students with a foundation of knowledge of accounting and related areas of business as well as important skills in business communication. This 40 credit point program consists of 4 core subjects to be undertaken in 26 weeks (or 6 months) full-time.

The Graduate Diploma in Professional Accounting extends student knowledge and skills to provide the opportunity to develop a greater breadth of capability in accounting and related areas of business. All students must complete a total of 80 credit points made up of 8 core subjects, 4 of which form the Graduate Certificate in Professional Accounting, which may be undertaken over 52 weeks (or 1 year) full-time.

The Master of Professional Accounting provides students with the necessary skills and knowledge required for a career in professional accounting. The course satisfies the academic requirements for accreditation with CPA Australia and the Institute of Chartered Accountants in Australia (ICAA). All students must complete a total of 160 credit points made up of 16 subjects, comprising 12 core subjects (120 credit points), 8 of which form the Graduate Diploma in Professional Accounting. The course is designed to be undertaken over 104 weeks (or 2 years) full-time.

Master of Business

CRICOS Course Code: 093869K

COURSE DESCRIPTION

The Master of Business degree program offered at the Wentworth Institute is focussed on producing quality graduates with industry and job relevant knowledge and skills: capable of assuming leadership and management roles. A full-time Master of Business degree program includes four semesters of study with nested programs at Graduate Certificate (one semester full time) and Graduate Diploma (two semesters full time) levels.

A feature of these programs is the inclusion of a core Business Communication subject. This subject will not only help to ensure student success throughout the course by developing needed written and oral communication skills, but will also enhance graduate employability. The inclusion of a core Business Ethics subject will not only ensure students' appreciation of the importance of ethical decision-making in business but will also establish a guiding principle to be reinforced and applied in both subsequent studies as well as professional activities.

Another important feature of the Master of Business Degree program is the requirement to undertake a Business Project subject focussed on developing students' needed research skills which will be demonstrated by the execution of a substantial piece of research in the form of a project.

ENTRY REQUIREMENT

Generally an undergraduate degree although alternative pathways may be available. Additional entry requirements for international students is an IELTS (or equivalent) overall band score of 6.5.

COURSE STRUCTURE

The Graduate Certificate in Business provides students with a broad foundation of knowledge and skills needed to work effectively in a business environment. This 40 credit point program consists of 4 core subjects to be undertaken in 26 weeks (or 6 months) full-time.

The Graduate Diploma in Business extends student knowledge and skills to provide the opportunity to develop a greater breadth of capability in a business environment. All students must complete a total of 80 credit points made up of 8 core subjects, 4 of which form the Graduate Certificate in Business. The absence of electives within the Graduate Diploma is aimed at ensuring that students gain a broad range of knowledge across relevant business subjects. The course may be undertaken over 52 weeks (or 1 year) full-time.

The Master of Business develops the breadth and depth of student knowledge as well as both applied and conceptual skills to enable them to perform successfully in complex business environments. All students must complete a total of 160 credit points made up of 16 subjects, comprising 12 core subjects (120 credit points), 8 of which form the Graduate Diploma in Business, plus a further 4 elective subjects (40 credit points) which may be drawn from a specialised stream in Management, International Business, Accounting or Creative Industries. The course is designed to be undertaken over 104 weeks or 2 years full-time.

Bachelor of Business (Professional Accounting)

CRICOS Course Code: 084525J

The WIN Bachelor of Business (Professional Accounting) degree is a quality programme for the start of a dynamic and exciting business career. It will provide you with essential accounting and reporting knowledge plus a range of business related skills. You will study financial and management accounting, corporation law, audit and assurance, and taxation law and practice. Completion of this course prepares you for employment in local, national and international companies and government organisations.

FACILITIES AND EQUIPMENT

Wentworth Institute (WIN) offers modern facilities for education in business related fields. Attend face to face lectures in our modern auditorium and work on your projects in our PC and Mac labs equipped with the latest hardware and software.

Students also have access to a student recreation area with plenty of room to socialise with friends in a comfortable environment: either outside on our spacious wrap-around verandah or inside with lounge chairs, microwaves, kitchenette and vending machines for snacks and drinks.

ENTRY REQUIREMENTS

Satisfactory completion of year 12 (or equivalent) and an IELTS overall band score of 6.0 (with no score less than 5.5).

COURSE PROGRESSION

The Diploma of Business will provide you with a broad range of knowledge and the necessary skills to commence a dynamic and exciting business career. Subjects are the equivalent to those in the first year of the degree. If you wish to continue studying, the Diploma of Business will present you with a smooth pathway into the second year of the Bachelor of Business, or the second year of the Bachelor of Business (Professional Accounting).

To complete the Bachelor of Business (Professional Accounting), the student must complete 8 core subjects (Core), 10 Accounting specialisation subjects (PAcc) and 6 other Electives (which may be from Management (MG), Marketing (MK), International Business (IB), or BIM Subjects).

PROFESSIONAL ACCOUNTING ACCREDITATION

The WIN Bachelor of Business (Professional Accounting) has been accredited by the relevant industry professional bodies, CPA Australia and the Chartered Accountants Australia and New Zealand. Completion of this degree is a pathway to becoming a Certified Practising Accountant.

 Total Credit Points for the Course: 240

Bachelor of Business

CRICOS Course Code: 084523M

The WIN Bachelor of Business degree is a quality program for the start of a dynamic and exciting business career. It is a flexible business degree which offers a wide range of study opportunities and subject choices, allowing you to construct a program of study that best meets your interests and future work plans. You can choose to specialise in Management, Marketing or International Business. Completion of this course prepares you for employment in local, national and international companies, government organisations, law practices and in the film, television and media fields.

FACILITIES AND EQUIPMENT

Wentworth Institute (WIN) offers modern facilities for education in business related fields. Attend face to face lectures in our modern auditorium and work on your projects in our PC and Mac labs equipped with the latest hardware and software.

Students also have access to a student recreation area with plenty of room to socialise with friends in a comfortable environment: either outside on our spacious wrap-around verandah or inside with lounge chairs, microwaves, kitchenette and vending machines for snacks and drinks.

ENTRY REQUIREMENTS

Satisfactory completion of year 12 (or equivalent) and an IELTS overall band score of 6.0 (with no score less than 5.5).

COURSE PROGRESSION

The Diploma of Business will provide you with a broad range of knowledge and the necessary skills to commence a dynamic and exciting business career. Subjects are the equivalent to those in the first year of the degree. If you wish to continue studying, the Diploma of Business will present you with a smooth pathway into the second year of the Bachelor of Business.

To complete the Bachelor of Business, students must complete 8 core subjects (Core), 8 specialisation subjects (Management (MG), Marketing (MK) OR International Business (IB)) and 8 other electives (which may be chosen from other areas including subjects from Professional Accounting (PAcc) or the Bachelor of Interactive Media). Students can, therefore, elect to specialise in either one or two areas. Students may also choose two specialisations.

For example, if the student wishes to undertake a Management Specialisation, then his/her course progression will include: 1st year 8 Core. 2nd year 4MG + 4E. 3rd year 4MG + 4E. If the student wishes to undertake a double specialisation e.g., Management and Marketing Specialisation, then his/her course progression will include: 1st year 8 Core. 2nd year 4MG + 4MK. 3rd year 4MG + 4MK.

Bachelor of Interactive Media

CRICOS Course Code: 074192G

Enrolling in the Bachelor of Interactive Media (BIM) will provide opportunities for a range of careers in the digital entertainment industries including such diverse areas as advertising and marketing, game design, web design and electronic publishing.

FACILITIES AND EQUIPMENT

Wentworth Institute (WIN) offers the best facilities available for education in the digital entertainment industry. Attend lectures in our modern auditorium and work on your projects in our PC and Mac labs equipped with the latest in hardware such as marker-less motion capture and green screen technology.

Our library provides a comprehensive selection of educational resources. A qualified librarian is on hand to assist you and provide regular workshops and sessions on research and study skills, how to reference, and how to improve writing skills, speaking skills etc. Students also have a student lounge with plenty of room to socialise with friends in a comfortable environment with access to vending machines for snacks and drinks. Access to an outdoor balcony encourages relaxation.

ENTRY REQUIREMENTS

An applicant for BIM must satisfy the following admission requirements:

- Successful completion of Year 12 or equivalent with an ATAR not lower than 70 with a minimum performance band 4 or equivalent in English or
- Satisfactory completion of an approved Tertiary Preparation Program, Tertiary Orientation Program, or a Foundation Year Program or
- Mature age entry (age 21 and older) is available for candidates possessing an employment background deemed suitable by the Dean;
- If secondary education was in a language other than English, we require an IELTS (or equivalent) overall band score of 6.0 with no band less than 5.5.

Teachers of WIN

I love my role as lecturer in the BIM. Why? I get a genuine thrill when I see the lightbulb turn on in a student's face, when I see their creative world opening up and revealing possibilities for their future. At Wentworth there is a great collegiate atmosphere, and students graduate with excellent theoretical and technical knowledge, plus real skills for the workforce.

- Jane Cameron

Head Lecturer on the Bachelor of Interactive Media programme

What I most enjoy about teaching at Wentworth is that the small class sizes, social functions and available study and recreation spaces allow the lecturers and students to develop strong working relationships.

- Rohan Shepherd

Head Lecturer, Bachelor of Business (Professional Accounting)

I enjoy helping students to develop their knowledge and job readiness through our focus on small class sizes and the use of real world cases and simulations

- Dennis Mortimer

Programs Coordinator and Head Lecturer, Bachelor of Business

Teaching in Higher Education at WIN is a lot of fun! Based in the innovative and creative hub of Sydney, I love the opportunity to engage with a diverse range of students and teach at the only private college with Australian Human Resource Institute (AHRI) accreditation. Developing our students graduate attributes is the key to their career success. I follow a learn by doing approach in order to develop our students into work ready graduates

- Dr Marjorie O'Neill

Lecturer & Graduate Course Co-ordinator

Students of WIN

Studying at Wentworth Institute has been outstanding for me and made even better now that the Bachelor Of Business (HR major) has accreditation with the Australian Human Resources Institute (AHRI) I'll get my degree and professional recognition from AHRI!

- Pedro Sampaio Nascimento
Bachelor of Business

I am happy with my decision for choosing the Wentworth Institute because I have never before experienced such learning from lecturers. The classes and services provided for my courses perfectly match my needs. I am always guided by my lecturers in my assessments. Learning in a better place helps you to discover what's inside you. I recommend the Wentworth Institute if you really want to discover the new you.

- Reeya Sharma
Bachelor of Interactive Media

The main thing that attracted me towards this institute is its friendly environment and co operative teachers. I can positively say Wentworth Institute will make me a better person. It is helping me to develop a positive attitude towards my studies and discover more about myself. Teachers are very caring and interested in students wellbeing.

- Alisha Upreti
Master of Professional Accounting

With small class sizes allocated for both lectures and tutorials, I find WIN a very sociable and co-operative place to study. Not only does it help students to participate more in class, it also builds a strong relationship between students and lecturers/tutors. WIN made me become a more enthusiastic student and I learned so much during the past year studying at WIN.

- Harry
