#### **The nearest Medical Practitioner (with little additional charge)**

Dr George O'Young is a General Practitioner (GP) doctor located at Centennial Plaza, Shop 2, 290-300 Elizabeth St, Surry Hills 2010 (convenient - across the road from the Elizabeth St campus). Pay \$40 for a standard consultation and then claim back from your OSHC provider who will refund you \$37.50. Make sure you mention that you are a student at Wentworth Institute!

If you wish to see a female doctor, Dr Gloria Xu Medical Practice, Shop QG1, Prince Centre, 8 Quay St Haymarket (phone: 02 9212 2839), has consultation available for a low fee. Please mention that you are a student at Wentworth Institute and ask for the student discount.

Please be aware that unless it is a life threatening emergency, do **not** attend a hospital for a medical visit. Hospitals will charge you \$400/visit, very little of which your OSHC provider will reimburse to you. Visit a local doctor (or GP) if you need medical attention.

### **1.8. Student Accommodation (International Students Only)**

If requested, WIN will provide details of a range of accommodation options in Sydney. We can also provide assistance with bookings. However, WIN is not responsible for, and makes no guarantees about accommodation services or costs.

Homestay is an excellent accommodation option, especially for students who want to live with local families who are familiar with Australian culture and values. Students have access to local knowledge and can therefore make better use of their time while studying. Host families provide an agreed number of meals a day. WIN recommends Meridian Homestay Services for Homestay accommodation. [www.mweridianhomestay.com.au](http://www.mweridianhomestay.com.au), or email [MHS@meridianhomestay.com.au](mailto:MHS@meridianhomestay.com.au) or phone +61 2 9909 2960. If you have any questions or any doubts during your stay, speak to your host family first. Do not worry about English, your host family will try to understand you and try to help you as much as they can.

Usually the telephone bill is not included in the Homestay fees. You must have permission from your home stay family when you wish to make a phone call. We recommend that you use your own mobile phone. There are many plans and options available both pre-paid and post-paid to suit every budget and circumstance. (Tip: The cheapest unlimited pre-paid plans using the better Telstra network are probably Aldi or Boost. Also consider Lebara.)

Many students choose to stay with a family for a short period of time and then move to shared accommodation once they have settled in.

## **2.0 Student Responsibilities/Code of Behaviour**

WIN students are expected to conduct themselves in a safe, healthy and courteous manner at all times while on the premises. Such behaviour is expected in terms of their attitudes and interactions with all staff, their fellow students, as well as all visitors and formal guests of WIN.

- adhere to all examination rules (see 2.2).

To not uphold the Code of Behaviour may result in the cancellation of your enrolment.

Erratic attendance and erratic progress will identify you as a non bona-fide student and may be grounds for the cancellation of your enrolment (Standard 9, National Code 2018).

### **2.2 Examination Rules**

#### **Admission to Exam Room**

- All seats are numbered. You must sit your allocated desk.

### **2.3 Passive Withdrawal Policy**

A student who has not commenced classes in their first semester; or has taken unscheduled leave without contacting WIN; or has not completed his/her course and does not return to studies after a scheduled holiday break; or does not attend all timetabled classes for five (5) consecutive business days, has thereby passively notified WIN that he/she will not be continuing his/her studies.

WIN may notify the Department of Home Affairs via Provider Registration and International Students Management System (PRISMS) that the student has ceased studies or ceased their intention to study and for Department of Home Affairs to consider cancelling the student's enrolment.

## 2.4 Student Academic and Non-Academic Misconduct Policy (*Extract*)

Students are entitled to engage in the educational process, free from disruptive or inappropriate behaviours. To this end, Wentworth Institute of Higher Education (“WIN Higher Education”) is committed to ensuring that there are clearly defined standards of behaviour and conduct for all enrolled students so that all students are afforded a safe and productive environment in which to study.

WIN Higher Education upholds the principle that academic integrity relies on the application of honesty in all scholarly endeavour. Students of WIN Higher Education are expected to conduct themselves in their academic studies honestly and ethically and to carefully acknowledge the work of others in all their academic activities.

This policy outlines WIN Higher Education’s responses in instances where students do not adhere to these behavioural or academic integrity standards, and allegations of non-academic or academic misconduct are made. The policy applies to all students of WIN Higher Education, in respect of all actions and activities (including inaction or inactivity) relating to, or impacting on, WIN Higher Education or its students and staff or any relevant person involved.

### **Definitions**

**Non-academic misconduct** includes behaviour which is considered a breach of the *Student Code of Conduct* including but not limited to:

- failure to treat staff or other students or any persons with courtesy, tolerance and respect;
- behaviour that is unlawful, discriminatory, sexually inappropriate, bullying, harassing, invades another's privacy or causes any person to fear for their personal safety;
- behaviour that results in a risk to WIN Higher Education’s systems, operations, activities or business; including unauthorised access to confidential student data.
- behaviour that is a risk to the welfare or health or safety of any individual;
- behaviour that disrupts another person’s access to or engagement with WIN Higher Education’s services or facilities.

**Academic misconduct** involves plagiarism, cheating and/or collusion, or any other conduct that deliberately or inadvertently claims ownership of an idea or concept without acknowledging the source of the information. This includes any form of activity that negates the academic integrity of the student or another student and/or their work.

Plagiarism occurs when students fail to acknowledge that the ideas of others are being used. Specifically it occurs when:

- other people’s work and/or ideas are paraphrased and presented without a reference;
- other people’s work is copied or partly copied;
- other people’s designs, codes or images are presented as the student’s own work;
- phrases and passages are used verbatim without quotation marks and/or without a reference to the author or a web page;
- lecture notes are reproduced without due acknowledgement.

Cheating occurs when a student seeks to obtain an unfair advantage in an examination or in other written or practical work required to be submitted or completed for assessment. It includes contract cheating (or ghost writing), when a student accesses or attempts to access the services of another individual or organisation to author or partly author an assignment, regardless of whether or not payment is made. Examples of contract cheating include:

- Purchasing an assignment from a website which is then submitted as the student’s own work.
- Requesting or paying another person to write or complete original work which is then submitted as the student’s own work.

Collusion (unauthorised collaboration) involves working with others without permission to produce work which is then presented as work completed independently by the student. It also includes when students allow or enable their work to be copied, either knowingly or unknowingly.

### **Procedure**

#### **Non-Academic Misconduct:**

The procedures for dealing with inappropriate behaviour are not intended to be in consecutive steps. Based on the judgment of individuals dealing with claims of inappropriate behaviour, if the situation warrants immediate action, initial steps may be omitted and necessary action taken to remove the student.

Steps undertaken in the case of non-academic misconduct:

- a) The student will be asked by an authorised representative of WIN Higher Education to cease the inappropriate behaviour.
- b) Where the student does not cease the inappropriate behaviour, they will be asked to leave that environment.
- c) Where that individual does not leave, a member of the Executive Management Team or security/police may be called to remove that individual from the environment where the inappropriate behaviour has occurred (e.g. classroom, library, common area and so on).
- d) In all cases of inappropriate behaviour, the Dean will be notified and the details of the incident noted on the student's file.
- e) Where the alleged inappropriate behaviour is notified by a complainant and no interventions (as described above) occur at that time, the complainant may first consult with the Dean to attempt an informal resolution. The Dean will follow up on such allegations in a timely manner and may meet with the complainant and the respondent to facilitate a resolution. Where the Dean cannot resolve the issue, the complainant may submit a *Formal Grievance* under WIN Higher Education's **Grievance Handling Policy and Procedure**.
- f) Where inappropriate behaviour takes place in any external areas to WIN Higher Education, e.g. visiting a company for professional learning and observation, a lecturer or staff accompanying the student(s) is authorised to ask the student to stop such behaviour and/or ask that the student to leave the work area. Such incidents will be reported to the Programs Coordinator who will notify the Dean.
- g) In the event that misconduct has occurred, the Dean will determine the disciplinary actions that will be taken. These may include (but are not limited to):
  - A verbal warning and counselling regarding the misconduct.
  - A written warning that clearly states that the behaviour is inappropriate and outlines/identifies possible consequences including disciplinary action up to and including a suspension of study or cancellation of enrolment in the event of continuation of the misconduct.
  - Where the misconduct is deemed serious based on a "reasonable person" standard, immediate disciplinary action up to and including suspension of study or cancellation of enrolment. In the case of an international student, a WIN Higher Education-initiated suspension of study or cancellation of enrolment due to inappropriate behaviour will result in the student being reported to the Department of Home Affairs via PRISMS.
  - Where the misconduct is deemed serious and also a possible offence under criminal law, it may be referred to the appropriate authorities including police. Referral of a case under these circumstances does not preclude WIN Higher Education from dealing with the misconduct as serious through internal misconduct processes.

## **Academic Misconduct:**

### **Steps undertaken in the case of academic misconduct:**

#### **Step 1: Investigation**

- a) Allegations must be made in writing by the relevant academic staff member to the Programs Coordinator and supported by evidence within 5 working days of discovering the misconduct. Allegations may be altered during the course of an investigation but the student must be given notice of any change.
- b) The student will be notified of the allegation(s) in writing by email by the Programs Coordinator or delegate within five working days to their student email address and/or another email address belonging to the student if necessary.
- c) The Programs Coordinator will convene a Misconduct Committee, consisting of the Programs Coordinator and the Head Lecturer or delegates to investigate the matter.
- d) In investigating the matter, the student will have the opportunity to be interviewed by the Misconduct Committee within 10 working days of the email being sent. The student may choose to respond to the allegations in writing rather than attend the formal interview. If the student does not attend the interview or submit a response in writing, the matter will be determined in their absence. The relevant academic will also have the opportunity to be interviewed by the Misconduct Committee as part of their investigation.

#### **Step 2: Determination by the Misconduct Committee:**

In making a determination the following must be applied;

- a) Any previous findings relating to a past misconduct allegation or decision should not be taken into consideration at the determination stage.
- b) After evaluating the evidence presented, it should be considered whether it is more likely than not, on the balance of probability, that the allegation/s or any number of the allegations against the student can be proven and substantiated.

#### **Where the student admits the allegation/s and the conduct is found to have occurred, the decision may be:**

- a) To impose no penalty because no penalty is warranted; or,
- b) That one or more of the penalties (see **Penalty Schedule Guidelines**) is imposed.

#### **Where the student denies the allegation/s the decision may be:**

- a) That the student has satisfactorily addressed the allegation/s and that the allegation/s should be dismissed; or
- b) That the misconduct is proven and one or more of the penalties (see **Penalty Schedule Guidelines**) is imposed.

#### **Step 3: Penalty (refer to Penalty Schedule Guidelines)**

Where a penalty is appropriate, the following should be considered and taken into account when determining whether the misconduct is **minor** or **major** (except misconduct in any form of marked examination; in this case the misconduct is classed as **major**):

- a) Any previous findings of misconduct and penalty imposed (refer to the **Student Misconduct Register**).
- b) The year or level of study of the student.
- c) Any intention behind the conduct, and the level and effect of that intention.
- d) Any personal health, family or other factors that contributed to the conduct.
- e) Matters considered relevant in the particular circumstances.

## Appeals

A student may appeal against a decision made under **Grievance Handling Policy and Procedure**. Appeals must be made per the **Grievance Handling Policy and Procedure** and lodged with the CEO within 20 working days of the student receiving written notification of any disciplinary action taken under this Procedure.

## Student Misconduct Register

All findings of student academic and non-academic misconduct are recorded in a **Student Misconduct Register**. This is maintained by the Dean. A finding is entered on the register whether or not a penalty had been awarded. Access to the Register is limited and records are stored confidentially.

## Penalty Schedule Guidelines (Indicative)

### **3.0 Student Complaints and Appeals and Grievance Handling**

WIN is committed to providing you with a positive learning environment. We seek to achieve that goal by putting in place a process through which you can make complaints about any aspect of your experience while you are studying with us.

We aim to ensure that all complaints are dealt with consistently and fairly, and that you will not experience any adverse consequences as a result of making a complaint.

#### **What is a grievance or a complaint?**

You may have a grievance or complaint if you are not happy with your experience while studying with us, or with any of the decisions that we make while you are studying with us.

You may have a grievance or complaint about an administrative decision that we have made. For example, you may be unhappy with the way in which we:

- conducted your enrolment, induction or orientation;
- handled your personal information; and
- handled financial matters, including billing and refunds.

You may also have a grievance or complaint about an academic decision that we have made. For example, you may be unhappy with:

- the assessments that you are required to complete;
- the way in which a tutor taught a particular course;
- the curriculum for a particular course; or
- the award or grade that you get at the end of a course.

#### **How can I make a complaint or resolve a grievance?**

You can make a complaint or resolve a grievance by following each of the steps in the procedure outlined below:

#### ***Lodging a formal complaint or grievance***

First, you should write a letter or send an email to us (info@win.edu.au). That email or letter should be addressed to the Dean, and should outline the substance of your complaint or grievance. It should:

- identify what it is that you are unhappy with;
- explain why it is that you are unhappy with it;
- identify the outcome that you hope to achieve; and
- attach any relevant documents.

The Dean or a staff member chosen by the Dean will contact you within ten business days of the date on which we received your letter or email. That person will confirm that we have received your letter. That person may ask you questions to clarify any of the details associated with your complaint or grievance. That person may also request that you attend a meeting at a time that is convenient to you. If that person requests you to attend a meeting, you will be entitled to bring a support person to the meeting to help you.

Once he or she has clarified the details associated with your complaint or grievance, that person will write a letter or email to you informing you as to the outcome of your grievance or complaint. This letter or email will be sent within twenty business days of the date on which we received your letter or email.

### ***Internal review***

If you are not happy with the outcome of the formal complaint or grievance, you should write a letter or send an email to us. That email or letter should be addressed to the Chief Executive Officer. It should:

- state that you are unhappy with the outcome of a formal complaint;
- explain why it is that you are unhappy with it;
- identify the outcome that you hope to achieve; and
- attach the letter or email that you had sent to the Dean and the letter or email that the Dean or a staff member chosen by the Dean sent to you.

The Chief Executive Officer or a person chosen by the Chief Executive Officer will contact you within ten business days of the date on which we received your letter or email. That person will confirm that we have received your letter. That person may ask you questions to clarify any of the details associated with your complaint or grievance. That person may also request that you attend a meeting at a time that is convenient to you. If that person requests you to attend a meeting, you will be entitled to bring a support person to the meeting to help you.

Once he or she has clarified the details associated with your application for an internal review, the person will make a fresh decision based on the merits of your initial complaint or grievance. That person will then write a letter or email to you informing you as to the outcome of your internal review and explaining the reasons for his or her decision. This letter or email will be sent within twenty business days of the date on which we received the letter or email in which you ask for internal review.

### ***External review***

If you are not happy with the outcome of your application for internal review, you should write a letter or send an email to us. That email or letter should be addressed to the Chairperson. It should:

- state that you are unhappy with the outcome of an internal review;
- explain why it is that you are unhappy with it;
- identify the outcome that you hope to achieve; and
- attach the letter or email that you had sent to the Chief Executive Officer, and the letter or email that the Chief Executive Officer or a staff member chosen by the Chief Executive Officer sent to you.

The Chairperson will then appoint an independent third party to review the decision made by the Chief Executive Officer or the staff member chosen by the Chief Executive Officer. That independent third party will be a solicitor who works for John F Morrissey & Co Lawyers of Level 1, 40 Macleay Street Potts Point NSW 2011.

The solicitor will contact you within ten business days of the date on which we received your letter or email. That solicitor will confirm that he or she has received your letter. That solicitor may ask you questions to clarify any of the details associated with your complaint or grievance. That person may also request that you attend a meeting at a time that is convenient to you. If that person requests you to attend a meeting, you will be entitled to bring a support person to the meeting to help you.

Once he or she has clarified the details associated with your application for an internal review, the solicitor will make a fresh decision based on the merits of your initial complaint or grievance. That person will then write a letter or email to the Chairperson informing us as to the outcome of your

external review and explaining the reasons for his or her decision. The Chairperson will send that letter to you within twenty business days of the date on which we received the letter or email in which you asked for external review.

### **Other steps**

If you are unhappy with the outcome of your application for external review, you may be able to make an application to an external body such as a court, tribunal or public authority. These agencies include:

- the New South Wales Civil and Administrative Tribunal, which can hear claims concerning the *Australian Consumer Law*;
- the New South Wales Anti-Discrimination Board, which can deal with claims concerning the Anti-Discrimination Act 1977 (NSW);
- The Office of Fair Trading <http://www.fairtrading.nsw.gov.au>
- the Australian Human Rights Commission, which can deal with claims made under a variety of human rights and anti-discrimination laws; and
- the Overseas Student Ombudsman, which can deal with complaints made by international students about education providers.

### **Where should I send a letter or email to?**

If you want to send a letter to us to lodge a formal complaint or grievance, or apply for internal or external review, please address it to the relevant officer and send it to Wentworth Institute, 302 Elizabeth Street, Surry Hills NSW 2010.

## **4.0 Student Support Services**

WIN offers a variety of services for students and has a Dean, Registrar and external\* professional counselling service to deal with academic matters as well as personal issues. All matters are dealt with discretely and in confidence and we encourage students to avail themselves of these services. There are no additional costs to the student and sometimes simply talking through a problem can assist with finding a solution.

The library offers a variety of support programs for students who want assistance with essay writing, English expression, study skills, research skills referencing etc.

Please note that textbooks will be issued to students through the Library. Text books must be returned to WIN no later than one week after the final class or formal exam for the subject.

Fees for the late return or non-return of textbooks or borrowed items are identical.

Overdue library items will be charged at \$2 a day, after the one week borrowing period. Overdue notices will be sent to your email address. If the fine is not paid, your card will be blocked and you will not be able to borrow items. The fine will continue to increase until you return the book. Once the fine has been paid your borrowing rights will resume.

An item returned later than 1 month after the borrowing date will be classed as lost. This means that you will pay the full replacement cost of \$200.00. A flat fee of \$200.00 will be charged for lost or damaged items, this includes the processing fee incurred by the library.

Any student who fails to return any book to the library be charged \$50 or the replacement value of the book, whichever is the lesser, and that their results may be withheld until such fee is paid.

## 4.2 Student Consultation

WIN is mindful of the need for students to consult with their instructors and ensure that all students have access to appropriate student consultation services, outside of the lecture/tutorial time, with academic staff as and when required. This applies to full-time, part-time and sessional staff.

Consultation means a time for students to seek face-to-face contact with academic staff in order to raise any issues that they may have in the subject they are studying. This time is to be used to consult on issues related specifically to the subject the lecturer/tutor is teaching.

Please discuss an appointment time with your tutor/lecturer directly or see Reception to arrange for an appointment.

## 4.3 Other Policy and Procedures that Apply to Students

WIN has a number of policies that apply specifically to student behaviour and performance. The following policies and procedures are all available on the WIN web site.

- Student Selection and Admissions
- Advanced Standing and Credit Transfer
- Student Assessment
- Student Progression, Exclusion and Graduation
- Grievance Handling
- Student Conduct
- Academic Integrity and Honesty
- Student Academic and Non-Academic Misconduct Policy

## 4.4 Critical Incident Policy

WIN recognises that it has a duty of care to its students and that planning for the management of a critical incident is essential.

A critical incident is defined 'a traumatic event, or the threat of such (within or outside Australia), which causes extreme stress, fear or injury'.

A critical incident is not limited to, but could include:

- Missing students
- Severe verbal or psychological aggression
- Death, serious injury or any threat of these
- Natural disaster; and
- Issues such as domestic violence, sexual assault, drug or alcohol abuse.

Note that non-life threatening events could still qualify as critical incidents.

Please follow instructions from your tutor/lecturers should there be such an incident occurring during normal delivery of classes.

All students are also encouraged to familiarise themselves with the emergency escape diagram in each classroom, all emergency exit points and to understand proper fire drill procedures. Information on evacuation procedures are posted near the elevators on each floor. Please follow the instructions as posted for evacuation and assembly once outside the building.

## **5.0 Advanced Standing**

Recognition of prior formal studies may allow you to use previous completed units of study to replace units in the course which have the same content or to replace electives. Please refer to WIN's policy on 'Advanced Standing and Credit Transfer' for detailed information.

You must provide evidence of prior studies that you believe may be eligible for advanced standing. Complete the 'Advanced Standing' application available from the Reception Desk or the Administration Office and submit your application.

### **International Students Only**

Where advanced standing is granted before the issue of a student visa via WIN, the net course duration (as reduced by the advanced standing) will be indicated on the eCoE issued.

Where advanced standing is granted by WIN after a student visa is granted, the resulting change of course duration will be notified to Department of Home Affairs.

Where advanced standing is granted, the total course fee will be calculated based on the study period remaining.

## **6.0 Student Assessment**

All student assessment tasks are appropriately designed to determine the extent to which students have met the learning and skills outcome requirements within a subject and to assist teaching staff to make decisions about the performance of individual students within a subject.

### **6.1 Forms of Assessment**

The forms of assessment for each subject are clearly set out in Subject Outlines given to students at the commencement of each subject. Some assessments will formative and specifically intended to assist students to identify weaknesses in their understanding, so that they may improve their understanding and enhance their learning. Other assessments will be summative and are primarily designed to pass judgment on the quality of a student's learning, generally in terms of assigned

marks and grades.

Forms of assessment include:

- **Written Exams** - may take the form of short answer questions, multiple-choice questions and essays, where appropriate.
- **Written Assignments** - may take the form of essays, literature reviews, reports, work logs, portfolios, etc.
- **Seminars/presentations**- normally based around formal discussion groups where students will be delegated particular topics for research and will be required to present their findings at subsequent seminars. Marks are allocated according to the standard of these presentations.
- **Practical Assignments** - students may be required to complete a series of practical assignments designed to test students' abilities under 'real world' conditions.
- **Participation** - students will be judged on their level of input in class seminars and tutorials.

## 6.2 Timing and Weight of Assessments

Subject Outlines will advise students at the beginning of a subject how all assessment results are to be combined to produce an overall mark for the subject.

## 6.3 Grades

During each subject, students will be provided with an evaluation of their individual performance with reference to the criteria for each assessment task. Student performance in individual subjects of study shall be graded in accordance with the following guidelines:

Students should refer to the 'Student Assessment Policy and Procedure' for detailed information on assessment processes.

<b>GRADE</b>	<b>DEFINITION</b>
<b>High Distinction</b>	<b>Code: HD      Marks range: 85% +</b> Outstanding performance; Complete and comprehensive understanding of the subject content; development of relevant skills to an outstanding level; demonstration of an extremely high level of interpretive and analytical ability and intellectual initiative; and excellent achievement of all objectives of the subject.

**Fail**

**Code: F            Marks range: <50%**

Unsatisfactory performance; Inadequate understanding of the basic subject content; failure to develop relevant skills; insufficient evidence of interpretive and analytical ability; and failure to achieve some or all major and minor objectives of the subject.

**Withdraw With Failure**

**Code: WF**

Cancelled enrolment in the subject after the final date for withdrawal without failure (the census date).

**Advanced Standing**

**Code: AS**

Credit has been granted for the subject following an application and its approval for Advanced Standing.

## **7.0    Monitoring Course Progress**

WIN requires that the academic progress of each student is monitored so that students who are determined to be 'at risk' can be provided with advice and support to ensure successful course completion whenever possible.

Students must meet the requirements of a course within a prescribed number of years from the date of first enrolment.

Students are required to attain the following minimum academic standards in order to be deemed to be maintaining satisfactory academic progress in a course:

- No more than one failure in a particular subject of study; and
- Not fail more than 50% of the subjects attempted in a semester.

The Programs Coordinator or other nominated staff member will contact each student who is deemed to be 'at risk' and arrange an appointment for an academic counselling session. The student will also be advised of the possibility that conditions may be placed on their enrolment.

If a student continues to fail to meet minimum academic standards after an intervention strategy has been put in place, the Programs Coordinator or nominee will request that the student provide a written statement within twenty working days outlining reasons why they should be permitted to continue their enrolment in the course.

A student who does not submit a written statement by the due date shall have their enrolment terminated.

The Programs Coordinator or nominee shall consider the written statement and may:

- terminate the student's enrolment; or
- permit the student to continue with or without specific conditions.

The Programs Coordinator or nominee will provide a written statement to the student within twenty working days outlining their decision and informing the student of their right to appeal the decision.

A student who is permitted to continue their enrolment in the course, but with conditions imposed, who again fails to attain the minimum academic standards or breaches the conditions imposed, will have their enrolment terminated due to unsatisfactory academic progress.

Full details are available on WIN web site under Policy and Procedures for 'Student Progression, Exclusion and Graduation'.

Students whose enrolment is terminated due to unsatisfactory academic progress or exceeding the maximum period of candidature and who wish to undertake further study will need to apply to WIN for re-admission in line with the 'Student Selection and Admissions Policy and Procedure' which is available for viewing on WIN's website.

## **7.1 International Students Only**

As part of their visa conditions international students are required to maintain a full-time study load at all times during their course. The one exception to this requirement is when an international student has less than a full-time load in their final semester of study (usually due to failure in more or more subjects during the course). International students are expected to complete their course in the standard number of years for a student undertaking a full-time load (the registered course duration). This time period is noted on the student's eCoE and study visa.

The Head Lecturers or nominee will monitor international students' academic progress at the end of each semester to determine if the student has met the minimum academic standards and will be able to complete their studies within the registered course duration. Where necessary an intervention strategy will be put in place (as described above). The course duration may be extended where an intervention strategy has been implemented.

If after an intervention strategy has been put in place, an international student fails to meet the minimum academic standards in a second consecutive semester, the Course Coordinator, on advice from the Head Lecturer, will inform the student in writing of the intention to report the student for not achieving satisfactory academic progress.

The student will also be advised that they have a right to appeal the decision within twenty working days. During the period for lodging an appeal and, if the student lodges an appeal, during the period the appeal is being considered, the student has a right to continue their studies in the course.

After all grievance and appeals processes are finalised, or if the student has chosen not to access the appeals process within twenty working days, the student's enrolment will be formally terminated and WIN will report the student to the Department of Home Affairs via PRISMS. The student will be provided with a copy of the Section 20 notice generated by PRISMS. The student will then receive a Notice of Intention to Consider Cancellation of his/her student visa from the Department of Home Affairs.

Where students have been granted permission to study three subjects in a semester due to extenuating circumstances, they will be expected to attend a summer semester so that they may continue to complete the course in the time described on their student CoE.

## **7.2 Appeals**

A student may appeal against a decision made under the progression policy. The grounds for appeal are that the decision is inconsistent with the policy. Please see the administration office for advice on how to lodge an appeal

## **8.0 Evaluation**

As part of our continuous improvement procedures you will be asked to complete a course evaluation survey. This is your opportunity to provide us with feedback on the course, the Tutor/Lecturers, the course administration, the training facilities, the training activities, resources and materials and the assessment procedures. Your comments enable us to make sure that your expectations are being met and to improve our services.

## **9.0 Deferral, Cancellation and Exclusion**

Students are able to defer or temporarily suspend their studies only on the grounds of compassionate or compelling circumstances.

Students may also have their enrolment deferred or suspended on the grounds of misbehaviour which may lead to expulsion from WIN.

Students have the right to appeal a decision by WIN to defer, suspend or cancel their studies. Please see the administration office for advice on how to lodge an appeal

Students who would like to defer their studies must first speak to Reception. A deferral form must be completed which will need to be approved by the Registrar. Prior to applying to defer their program students must ensure that they have paid all the fees required and have no outstanding balance. Deferral fees apply.

### **International Students Only**

Deferral of studies by international students is permitted only in compassionate or compelling circumstances such as serious illness, death in the family, natural disaster in student's home country or for some other reason. Students will be required to provide documented evidence of the compassionate or compelling circumstances.

#### **Deferral fees:**

- If the deferral request is received before the start of the course or study period, the student must pay a \$200 deferral fee if the deferral is approved.
- If the deferral request is received after the start of the course or study period but before the Census date of the current study period, the student must pay a \$600 deferral fee if the deferral is approved.
- If the deferral request is received after the Census date of the current study period, the tuition fee for one semester will be charged as the deferral fee, and the student will be given "W" grades (Withdrawn Without Academic Penalty) for any currently enrolled subjects.

Students who have not yet commenced their studies will also need to contact the Department of Home Affairs in case there is any effect on their student visa as a result of changes to enrolment or CoE status.

## APPLICATION FOR DEFERRAL OF STUDY

### **Please be advised that this action may affect your student visa**

- WIN will not notify the Department of Home Affairs of a change to the enrolment status until the internal complaints and appeals process is completed. If the deferral/suspension period is more than 28 days, the student must leave Australia unless there are compassionate and compelling circumstances that require the student to remain onshore.
- If deferral/suspension is more than 6 months, the student visa will be subject to cancellation.

Please note: An approval for a deferment does not change the schedule of any payment. The student must make a payment according to the payment plan indicated on the offer letter. Otherwise, the late payment fee applies.

## The Following Sections Only Apply to International Students

### **Overdue Fees (International Students Only)**

WIN reserves the right to take any or all of the following actions if a student has not paid his/her fees.

- Suspend the student from his/her classes
- Withhold transcripts, certificates and other documents and services
- Collect a finance charge on the amount outstanding
- Pursue legal action to recover the debt

Please note that if students are suspended for non-payment of fees, they are not permitted to continue attending their classes. They may not complete or hand in assessments during the period of suspension and they may be in jeopardy of accruing additional costs.

**Finance Charge** - Late payment of fees for more than 14 days will incur an administrative fee calculated on a 5% monthly basis (30 days term) of your overdue balance.

Should the overdue balance be more than \$500 and remain overdue for more than 28 days, WIN reserves the right to cancel the student's enrolment and notify Department of Home Affairs.

A Final Notice will be issued after 28 days from the overdue date.

**Being reported to the Department of Education for cancellation of enrolment automatically alerts the Department of Home Affairs and could result in the cancellation of your student visa.**

If you feel there are reasons as to why you should not be reported, you may make an appeal against this decision. Please see the administration office for advice on how to lodge an appeal

## Completion Within the Expected Duration of Study (International Students Only)

WIN monitors the progress of each student to ensure that at all times the student is in a position to complete the course within the specified period on the student's CoE. An extension of the expected duration of study is only allowed in limited circumstances.

The study period may be extended only where it is clear that the student will not complete the course within the expected duration as the result of:

- Compassionate or compelling circumstances (e.g., illness where a medical certificate states that the student was unable to attend classes).
- WIN Leave Request ([International Students Only](#))

WIN will only approve leave to students on the grounds of compassionate or compelling circumstances and the length of approved leave is to be strictly controlled in keeping with the reason for leave.

Examples of circumstances where leave may be approved include:

- Hospitalisation for an urgent operation, accident or giving birth.
- The passing away of a close relative.
- A natural disaster in your home country.

Students must apply for approved leave in writing and submit supporting documentation i.e. medical certificate from a registered medical practitioner, death certificate, and return air tickets. If leave is requested for over 2 weeks, students will be required to defer their studies for the duration of the leave and reapply for their visa once the leave is over. WIN will notify Department of Home Affairs via PRISMS.

Please be advised that this action may affect your student visa.

## Record Maintenance (International Students Only)

It is an Australian Government requirement that we keep records of each student's current residential address (as supplied by the student), the student's full name, date of birth, nationality, the start and completion day of the student's course, attendance and academic performance, details of payments received, information on international student health cover, level of English language proficiency and the student's passport and visa numbers. We must also keep a record of the reason for a student's termination of studies if this situation occurs.

**Note:** Students are required to provide residential addresses and contact details to the educational provider. Failure to do so may result in a cancellation of your student visa by Department of Home Affairs.

A Change of Address Form is available from Reception. It is important to notify WIN at

Reception in person within 7 days if you have a change of address and contact details.

Your records are confidential and available to you upon request. Records of attendance, assessment outcomes and qualifications issued are kept accurate, up-to-date and secure.

Information provided by students to WIN may be made available to the Commonwealth and State Agencies and the Fund Manager of the ESOS Assurance Fund.

WIN is required under [Division 1 section 19 of the ESOS Act](#) to inform the Department of Home Affairs about certain changes to a student's enrolment and any breach of a student's visa condition relating to attendance and academic performance.

We keep copies of your results for a period of 30 years. You must bear the cost for re-issue of records and awards.

## **Withdrawal from Commenced Courses (International Students Only)**

In the event that a student intends to transfer to another provider or terminate their study;

One month's notice in writing is required before the commencement date of the next term. If less than one month's notice is given, the student is obliged to pay the following term's fees as indicated on the offer letter.

The student will need to complete the "Course Withdrawal Form" and notify WIN of the intention to terminate their enrolment. The form is available from Reception.

- International students are required to have completed six months of their principal course prior to transferring to other institutes.
- If a student abandons the course, all fees due are payable to WIN as required.
- A student who ceases attending a course or does not return from leave, and is not contactable by WIN, has "inactively" advised us of his/her failure to continue studying.

Under Section 19(1) of the ESOS Act, we must notify Department of Home Affairs of termination of an accepted student's studies within 14 days of the event occurring. Therefore if a student is absent for 2 weeks consecutively, the student's enrolment may be cancelled.

## **Transfer Between Providers (International Students Only)**

### **Student Transfer Policy**

The purpose of this procedure is to address the requirements of Standard 7 of the National Code 2018, [Overseas Student Transfers](#).

The Dean is responsible for the implementation of this policy and for ensuring that staff and students are aware of it.

WIN will not charge any fees to the student for issuing a letter of release, if granted, and will advise via the letter of release, that the student will need to contact Department of Home Affairs and seek advice on whether a new student visa is required.

WIN cannot enrol transferring students in the first six months of their principal course of study except in accordance with the requirements outlined in Standard 7 of the National Code 2018.

If WIN refuses to issue a letter of release, a student may appeal against WIN's decision using WIN's Complaints and Appeals Process.

Students who wish to transfer prior to completing 6 months of the principal

course must apply for release using the “Course Withdrawal Form”. The reasons stated in the student’s application must comply with WIN’s “Transfer Request Assessment” requirements. A valid letter of offer from another provider must also be provided. The Executive will consider and respond to applications for a letter of release within 7 days of its lodgement.

**Release will normally be granted in the following situations:**

WIN will consider the following circumstances as reasonable grounds for transfer, where the student has supplied evidence in support of at least one of the following:

- a. WIN is unable to continue to provide the course as outlined in the written agreement;
- b. the student wishes to change course in order to gain access to special services or pathways that can be confirmed as being offered by another registered provider, which WIN is not able to provide;
- c. the student has undertaken an individually tailored intervention strategy, but is still not coping with the study requirements and wishes to transfer to an alternative course that is not offered by the institute;
- d. The student can provide genuine evidence supporting compassionate and compelling circumstances which necessitate transfer to another provider;
- e. there is evidence that the overseas student’s reasonable expectations about their current course are not being met; and/or
- f. an appeal (internal or external), on another matter results in a decision or recommendation to release the overseas student.

**Release will normally not be granted in the following situations:**

Examples of factors that may be considered unsuitable for the student transferring include:

- a. the transfer may jeopardise the student’s progression through a package of courses;
- b. the student is able to apply for transfer to other courses within WIN but will not be granted a release on the basis of a change of mind;
- c. the student has 25% or less of the course to complete;
- d. the student fees are in arrears;
- e. claims of financial hardship;
- f. claims of migration or representative agent error;
- g. WIN is concerned that the student’s application to transfer is a consequence of the adverse influence of another party or if WIN considers the request for a transfer to be the result of student poaching;
- h. the student was given adequate information at the time of enrolment to enable the student to make an informed decision to undertake the course;
- i. the student claims difficulty with the course but the full range of support services have not been accessed by the student (the student will be advised that WIN will revisit the issue within a timeframe negotiated with the student);
- j. WIN forms the view that the student is trying to avoid being reported to Department of Home Affairs for failure to make satisfactory academic progress or to meet attendance requirements; or
- k. where a student wants to transfer to a course that does not adequately meet their long term goals; or
- l. the student decides they would prefer to live in another city for personal reasons, including employment opportunities; or
- m. the student decides that they would prefer to study at an institution with lower fees; or
- n. the student decides that they would prefer to study a different subject area, or at a lower level.

If a release is refused, reasons for the refusal will be provided in writing and the student will be informed of their rights of appeal using WIN Complaints and Appeals Procedure as outlined below.

**Step 1:** If you choose to appeal, you must continue to maintain your enrolment and attendance at all classes as normal until the process is complete. If you choose not to attend classes during this period you are required to re-enrol with WIN if the appeal is unsuccessful.

**Step 2:** On appeal you will have to complete a Formal Complaints Form and you must attend a meeting with the Registrar in order to resolve the complaints raised. The resolution phase must commence within 5 working days of your complaint being lodged. A final decision will be made within 7 working days.

**Step 3:** If you are still dissatisfied with the decision of WIN, you may access our internal appeals process by completing the Non-Academic Appeals Form. The appeals process will begin within 10 working days of a lodgement and will be finalised within 10 working days.

**Step 4:** If you are dissatisfied with WIN's appeal process, you may raise a complaint with the [Overseas Student Ombudsman](#). Please refer to WIN's 'Academic and Non-academic Grievance Handling Policy & Procedure' on WIN web site for contact details and processes.

A copy of the student's letter of release application; notes recording the assessment of the application and a copy of the response letter outlining the decision made in relation to the request for release that was sent to the student by WIN is placed into the student's file.
